

Welcome to your *ESOP portal*.

Your option grants, your vesting curve, your exercise calendar, your statements — all live in one secure place. This is a short guide to getting in and finding what you need.

1 Get into the portal

i.

Open the invitation

ii.

Set your password

Click the link — it opens a page where you choose your own password. Minimum 12 characters. The portal never stores your password in plain text.

iii.

Sign in

Bookmark `esop.elitez.com.sg`. From now on, sign in with your work email + the password you chose.

IF ANYTHING FEELS OFF

Forgot your password? Use "Forgot password?" on the sign-in page. Suspect the email is phishing? Confirm with HR or Derrick before clicking — the legitimate sender is always `noreply@elitez.com.sg`.

5 Quick answers

When can I actually sell?

Not until you exercise. Then, only in the next January trading window (16–31 Jan). If you exercise in Jan 2027, you can first list to sell in Jan 2028.

How is FMV decided?

Max of (EBITDA × 6) and Net Tangible Assets, divided by the share base. From the audited FY ending 30 April, published by 30 November.

What's taxed and when?

At exercise, 90% of FMV × shares exercised is Singapore employment income. Future gains are generally capital gains for SG residents — not taxed. Speak to a tax advisor.

What if I leave Elitez?
